medical exam/testing areas, conference rooms, private out-patient counseling rooms, and a waiting area. The project is scheduled to be completed in Summer 2017.

PROJECT AT A GLANCE

Project Manager: Gene Tartell

Superintendents: Tony Quinter / Mike Beam

Architect: Matrix Architects

Project CURE, Inc. held a ground-breaking ceremony on Thursday, September 15th, to celebrate the commencement of construction on its new +/-25,000 sqft. treatment facility.

In an effort to increase accessibility for its patients, and accommodate the need for additional space, the new building (located on Daruma Parkway in Moraine) will feature administrative offices, client service areas,

Although the Bengals weren't able to pull out a victory against the Denver Broncos, a great time was had by all.

SQUARE ONE CELEBRATES NEW LOCATION WITH GRAND OPEN HOUSE

On Friday, September 16, Square One Salon hosted a Grand Open House to celebrate the opening of its newest Centerville location (tenant build-out completed by GDCG in March).

The night included product samples, h'oerdives, cocktails, raffle baskets, and complementary chair massages.

GDCG BEGINS RESTORATION AT REYNOLDS RESIDENCE IN VANDALIA

Earlier this month, the Reynolds Residence in Vandalia, Ohio suffered extensive damage after their kitchen stove ignited a fire that spread quickly throughout the home.

After the initial investigation, GDCG Estimator Dave Wilson discovered the kitchen, living room, and bathroom would require extensive restoration to ensure current building safety requirements were met.

GDGC HOSTS CONTINUING EDUCATION COURSES FOR INDUSTRY PROFESSIONALS

On Tuesday, September 13, GDCG, along with trade partner PuroClean, sponsored continuing education courses for those working in the home insurance industry.

The courses were hosted at The Golden Lamb in Lebanon, Ohio and focused on Deodorization and Water Damaged Wood Floors.

If you have questions, please feel free to contact Kim Bilbrey at kim@bilbreymarketing.com or 937.901.7557.

FALL BACK 2016

Autumn is here and it is time to Fall Back: Time Change Sunday is on the way! This year's "Fall Back" takes place on Sunday, Nov. 6th at 2:00 a.m. With an extra hour in the day – and winter on the way – it's a good time to review a seasonal home preparedness checklist!

- Change the clocks, change the batteries. Smoke detectors and carbon monoxide detectors save lives...if they are powered by a fresh battery!
- Replace light bulbs. Long dark winter evenings call for a little illumination! Since you'll have stepladders out to reach smoke detectors and clocks on "Time Change Sunday," double up on safety (and energy savings) by replacing light bulbs and fixtures.
- Make or review your Family Emergency Plan. If an emergency strikes, will your family know what to do? Review your family's emergency plan, or create one for the first time. Update phone numbers, addresses and contact information, and post an Emergency Information Page near the phone.

CASUAL FRIDAYS TO BENEFIT BLUE GOOSE FAMILY CHRISTMAS FUND

From now until Christmas, GDCG will be holding a company-wide "Casual Friday" to benefit the Blue Goose Dayton Pond Family Christmas Fund.

To those employees who would like to partake, a \$5.00 donation will be required each Friday that you would like to participate (donations can be given each Friday morning to Becky Harris.)

All donations collected will go on to benefit the Blue Goose Christmas Family Funds and help provide a Christmas for those who otherwise may not be able to afford one.

Receipts will be available at the end of each month for those who would like to itemize their taxes with these donations at the end of the year.

SAFETY MEETING WRAP-UP

In the month of September, Greater Dayton Construction, Ltd. held its third-quarter Safety Meetings for the Commercial and Residential Divisions.

In both meetings, discussions focused on PPE (Personal Protective Equipment), Vehicle Safety, Warehouse Safety, and Jobsite Safety Postings.

The next quarterly Safety Meetings will be held in December. See GDC, Ltd. Safety Coordinator, Chris Godfrey, for more information.

LESSONS FROM THE FIELD

Good masking is the key to clean, professional paint lines. ScotchBlue Painter's Tapes are specially designed for optimum performance — when used correctly.

Prior to selecting a ScotchBlue Painter's Tape for your project, ensure you've reviewed their selection chart, and have chosen a product that best fits your need based on application and adhesive duration (time the product will be applied). You can view the product chart here: http://www.scotchblue.com/wps/portal/3M/en_US/ScotchBlueBrand/Scotch-Blue/Resources/Five/
